

## An Expansion and Betterment Sale Begins This Week----A Vast Mercantile Movement With a Host of Remarkable Values.

We must have more room—Our fast increasing trade demands it—So we have decided to remove our large Dress Making Department, which now occupies half the floor space on the second floor of our building, to beautiful and new quarters on the third floor. We will tear down all the fixtures on the second floor and construct a large addition to the Cloak, Suit and Upholstery Departments. The entire second floor must be turned over to the contractors in two weeks. This means that the stock contained in the Cloak Room, including Cloth Suits, Separate Skirts, Shirt Waists, Shirt Waist Suits, Infants' Dresses, Furs Draped, Curtains and Upholstery Goods of all sorts, must be moved out and that space elsewhere in the store must be encroached upon. We propose to reduce our inconvenience to a minimum by promptly closing out a large part of the stocks affected.

### At Prices That Are In Many Cases Far Below Usual Wholesale Cost.

The entire second floor will be re-arranged. The departments will have bright new fixtures, and in most cases, new locations. These changes will affect some of our very large and most important stocks, and these stocks are to be reduced in volume as much as possible in anticipation of the general re-adjustment of space and location. Beginning to-morrow therefore we will begin a great merchandise movement which, for want of a more excessive title, we shall call "an expansion and betterment sale." For expansion of space compels the rebuilding, and the better serving of our customers will be attended by the re-adjustment of the second floor departments. The sale will be an event of interest to every one of our customers and to the public generally. Every department will have something to offer far under value. Some of the lots perhaps will be too small to advertise. It will be well to come and look through the store every day.

We are sending to everyone of our customers a statement of their account and hope each of them will make it convenient to call and settle at once, as we expect to be in the wheat market, for wheat at the highest price, and will need every cent we have out. If you owe us and do not get a statement of your account, do not think that we are treating you better than others, for your account has been simply overlooked. So please call and settle without being notified.

FILIPINOS BARRED.—At a meeting of the Louisville School Board the High School Committee was instructed to inform four Filipino boys who applied for admission to the Gupont Manual Training High School that their color debarred them from the privileges of the public schools. When the request that the Filipino boys be allowed free admittance to the school was presented to the board, Dr. R. E. Galvin inquired if Filipinos are not negroes. Prof. Mark said he had investigated the law as to the separation of races in the schools, and found that the word "colored" applied to all except white children—negroes, Indians, and those of the brown races.

Tobacco Growers' Meeting.

W. B. Hawkins, president of the Burley Tobacco Growers' Association, issued a call Tuesday for a mass-meeting of the growers to be held at the court-house in Lexington, July 19, at which time the plans of the association will be fully discussed by the delegates. This association was organized over two years ago, and has a membership of about thirty counties in the State, which comprise practically all the growers in the State, besides several from Ohio and other adjoining States.

### He's Easy.

Mrs. Nancy May was taken to the penitentiary yesterday morning from Leslie county, where she was given ten years on a charge of having killed Miss Smith over domestic troubles. Mrs. May carried in her arm a 2-months' old child. An application for pardon was filed and she was permitted to call at the Executive office at noon. She spent about a half hour with Acting Governor Thorne, who pardoned her.

Governor Thorne's act in pardoning the woman under the circumstances caused considerable friendly comment. She returned home last night.

SUGAR CANE.—For milk cows and stock of all kinds, there is nothing better than Sugar Cane. One acre of it will go as far as three of corn. For pure Early Amber seed go to STUART & WOODFORD'S.

CEMENT.—Every year there is a new brand of cement offered on the market but they have not as yet stood the test of time. Hanover Cement has been used right here in Paris for the past 18 years. The reason of this is because it is good. We sell it because we want to sell the best.
